

Little Stars Nursery
Aims to Achieve:-

1. It is the Nursery's policy to meet all children's needs and ability regardless of age. Therefore, all activities and equipment are planned to meet this criteria, with staff being aware of each child's developments.
2. An open and honest environment in which to learn and play in partnership with parents and local Authority.
3. Plans of Nursery's activities are flexible and can be adapted to each individual child's ability.
4. Specific toys and equipment have been designated to meet the specific needs of both the younger children and the more able. The Keyperson will oversee each activity and evaluate the levels for each child.
