

## **Student Placements**

- We recognise that the quality and variety of work, which goes on in a Nursery, makes it an ideal place for students on placement from Early Years training and qualifications as well as those on the Diploma in Nursery Practice or Tutor Fieldworker courses.
- In co-operation with educational providers, we welcome students into the Nursery on the following conditions:
- The needs of the children are paramount. Students will not be admitted in numbers which hinder the essential work of the Nursery.
- Students must be engaged in fully recognised and certified early years training which provides necessary background understanding of children's development and activities.
- Any information gained by the students about the children, families or other adults in the Nursery must remain confidential.
- Unless registered as fit persons, students will not have unrestricted access to children. No student will be left unsupervised with the children.
- All volunteers and students are given a copy of our policies and procedures so that they are fully aware of the guidelines and comply with them.
